PERIODIC BILIOUS ATTACKS

Persons subject to periodic bilious attacks will observe that their appetite fails them just before an attack. That is, do not really crave food but eat because it is meal time. If they will eat only a light meal and no meat then take two of Chamberlain's Tablets the attack may be avoided.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists. 75c.

CHRONIC CONSTIPATION

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets afford a gentle movement of the bowels that you hardly realize has been produced by a medicine and their use is not so likely to be followed by constipation.
